Subject Index*

A

Abdominal aortic aneurysm; *see* Aortic aneurysm, abdominal

Abstracts
Poster abstracts from SVN 24th annual convention). 2006;24:94-6

Aged
Caring for the elderly: changing perceptions and attitudes (Lovell). 2006;24:22-6

Aneurysm, infected
Not just an aneurysm, but an infected one: a case report and literature (Yoon). 2006;24:2-10

Angiogenesis
Stem cell use in a patient with an ischemic foot ulcer: a case study (Kohlman-Trigoboff et al). 2006;24:56-61

Angiography
A music intervention to reduce anxiety before vascular angiography procedures (Buffum et al). 2006;24:68-73

Ankle
Correlation of preoperative ankle-brachial index and pulse volume recording with impaired saphenous vein incisional wound healing post coronary artery bypass surgery (Haraden and Jaenicke). 2006;24:35-45

Antihypertensive agents
Antihypertensive medications and the risk of incident type 2 diabetes (Nunnelee). 2006;24:137

Anxiety
A music intervention to reduce anxiety before vascular angiography procedures (Buffum et al). 2006;24:68-73

Aortic aneurysm
Not just an aneurysm, but an infected one: a case report and literature (Yoon). 2006;24:2-10

Aortic aneurysm, abdominal
Computed tomography aortic three-dimensional reconstruction: an invaluable tool for diagnosis of juxtarenal abdominal aortic aneurysm (Khan et al). 2006;24:133-6
Endovascular repair of perirenal and group IV thoracoabdominal aortic aneurysms: a case study report (Pawlowski et al). 2006;24:75-80

Aortic aneurysm, thoracic
Endovascular repair of perirenal and group IV thoracoabdominal aortic aneurysms: a case study report (Pawlowski et al). 2006;24:75-80

Atherosclerosis
Lower limb atherosclerotic disease causes various deteriorations of patients' health-related quality of life (Koivunen and Lukkarinen). 2006;24:102-13

Attitude of health personnel
Caring for the elderly: changing perceptions and attitudes (Lovell). 2006;24:22-6

Axillary vein
Effort thrombosis (Paget-Schroetter syndrome) in active young adults: current concepts in diagnosis and treatment (Shebel and Marin). 2006;24:116-26

B

Blood vessel prosthesis
Endovascular repair of perirenal and group IV thoracoabdominal aortic aneurysms: a case study report (Pawlowski et al). 2006;24:75-80

Brachial artery
Correlation of preoperative ankle-brachial index and pulse volume recording with impaired saphenous vein incisional wound healing post coronary artery bypass surgery (Haraden and Jaenicke). 2006;24:35-45

C

Catheters, indwelling
Peripheral arterial sheath removal program: a performance improvement initiative (Capasso et al). 2006;24:127-32

Coronary artery bypass
Correlation of preoperative ankle-brachial index and pulse volume recording with impaired saphenous vein incisional wound healing post coronary artery bypass surgery (Haraden and Jaenicke). 2006;24:35-45

Critical care
Non–heart-beating organ donation: issues and ethics for the critical care nurse (DeVeaux). 2006;24:17-21

D

Diabetes mellitus, non-insulin-dependent
Antihypertensive medications and the risk of incident type 2 diabetes (Nunnelee). 2006;24:137

Diabetes mellitus, type 2; *see* Diabetes mellitus, non-insulin-dependent

E

Endothelium
Stem cell use in a patient with an ischemic foot ulcer: a case study (Kohlman-Trigoboff et al). 2006;24:56-61

Ethics
Non–heart-beating organ donation: issues and ethics for the critical care nurse (DeVeaux). 2006;24:17-21

Evidence-based medicine
Perspectives (Lewis). 2006;24:67

Exercise therapy
High-intensity interval training for intermittent claudication in a vascular rehabilitation program (Adams et al). 2006;24:46-9

F

Fibrinolytic agents
Deep venous thrombosis recommendations (Marr). 2006;24:91-3

Foot ulcer
Stem cell use in a patient with an ischemic foot ulcer: a case study (Kohlman-Trigoboff et al). 2006;24:56-61

G

Gastric bypass
Preventing vascular complications after gastric bypass (Heffline). 2006;24:50-5

Geriatrics
Caring for the elderly: changing perceptions and attitudes (Lovell). 2006;24:22-6

H

Health care reform
Perspectives (Lewis). 2006;24:67

Health personnel
Perspectives (Lewis). 2006;24:101

Health planning guidelines
Perspectives (Lewis). 2006;24:1

Heart arrest
Non–heart-beating organ donation: issues and ethics for the critical care nurse (DeVeaux). 2006;24:17-21

Hypertension
Antihypertensive medications and the risk of incident type 2 diabetes (Nunnelee). 2006;24:137

I

Intermittent claudication
High-intensity interval training for intermittent claudication in a vascular rehabilitation program (Adams et al). 2006;24:46-9

Interprofessional relations
The journal club: a means to promote nursing research (Rick). 2006;24:27-8

Ischemia
Stem cell use in a patient with an ischemic foot ulcer: a case study (Kohlman-Trigoboff et al). 2006;24:56-61

L

Lower extremity
Lower limb atherosclerotic disease causes various deteriorations of patients' health-related quality of life (Koivunen and Lukkarinen). 2006;24:102-13

M

Mass screening
First-year results of a community peripheral vascular screening program at an academic community hospital (Urffer et al). 2006;24:11-16

Medical errors
Perspectives (Lewis). 2006;24:101

Music therapy
A music intervention to reduce anxiety before vascular angiography procedures (Buffum et al). 2006;24:68-73

N

Nurse's role
Non–heart-beating organ donation: issues and ethics for the critical care nurse (DeVeaux). 2006;24:17-21
Perspectives (Lewis). 2006;24:33-4
Venous thromboembolism: scope of the problem and the nurse's role in risk assessment and prevention (Morrison). 2006;24:82-90

Nursing care
Caring for the elderly: changing perceptions and attitudes (Lovell). 2006;24:22-6

Nursing research
The journal club: a means to promote nursing research (Rick). 2006;24:27-8

O

Organ donation; *see* Tissue and organ procurement

Outcome assessment (health care)
Perspectives (Lewis). 2006;24:1

P

Paget-Schroetter syndrome; *see* Venous thrombosis

Pain measurement
High-intensity interval training for intermittent claudication in a vascular rehabilitation program (Adams et al). 2006;24:46-9

Patient care
Perspectives (Lewis). 2006;24:33-4

Periodicals
The journal club: a means to promote nursing research (Rick). 2006;24:27-8

Perioperative care

Endovascular repair of perirenal and group IV thoracoabdominal aortic aneurysms: a case study report (Pawlowski et al). 2006;24:75-80
Peripheral arterial disease (PAD)
First-year results of a community peripheral vascular screening program at an academic community hospital (Urffer et al). 2006;24:11-16
High-intensity interval training for intermittent claudication in a vascular rehabilitation program (Adams et al). 2006;24:46-9
Peripheral arterial sheath removal; *see* Vascular surgery
Perspectives (column)
Perspectives (Lewis). 2006;24:1, 33-4, 67
Postoperative complications
Preventing vascular complications after gastric bypass (Heffline). 2006;24:50-5
Preoperative care
Correlation of preoperative ankle-brachial index and pulse volume recording with impaired saphenous vein incisional wound healing post coronary artery bypass surgery (Haraden and Jaenicke). 2006;24:35-45
A music intervention to reduce anxiety before vascular angiography procedures (Buffum et al). 2006;24:68-73
Pulse
Correlation of preoperative ankle-brachial index and pulse volume recording with impaired saphenous vein incisional wound healing post coronary artery bypass surgery (Haraden and Jaenicke). 2006;24:35-45

Q

Quality of health care
Peripheral arterial sheath removal program: a performance improvement initiative (Capasso et al). 2006;24:127-32
Perspectives (Lewis). 2006;24:1, 67, 101
Quality of life
Lower limb atherosclerotic disease causes various deteriorations of patients' health-related quality of life (Koivunen and Lukkarinen). 2006; 24:102-13

R

Renal artery
Computed tomography aortic three-dimensional reconstruction: an invaluable tool for diagnosis of juxtarenal abdominal aortic aneurysm (Khan et al). 2006;24:133-6
Risk assessment
Venous thromboembolism: scope of the problem and the nurse's role in risk assessment and prevention (Morrison). 2006;24:82-90
Risk factors
Antihypertensive medications and the risk of incident type 2 diabetes (Nunnelee). 2006;24:137
First-year results of a community peripheral vascular screening program at an academic community hospital (Urffer et al). 2006;24:11-16

S

Saphenous vein
Correlation of preoperative ankle-brachial index and pulse volume recording with impaired saphenous vein incisional wound healing post coronary artery bypass surgery (Haraden and Jaenicke). 2006;24:35-45
Societies
The journal club: a means to promote nursing research (Rick). 2006;24:27-8
Society for Vascular Nursing
Poster abstracts from SVN 24th annual convention). 2006;24:94-6
Stem cells
Stem cell use in a patient with an ischemic foot ulcer: a case study (Kohlman-Trigoboff et al). 2006;24:56-61
Subclavian vein
Effort thrombosis (Paget-Schroetter syndrome) in active young adults: current concepts in diagnosis and treatment (Shebel and Marin). 2006; 24:116-26

T

Thromboembolism
Preventing vascular complications after gastric bypass (Heffline). 2006;24:50-5
Venous thromboembolism: scope of the problem and the nurse's role in risk assessment and prevention (Morrison). 2006;24:82-90
Thrombolytic therapy
Deep venous thrombosis recommendations (Marr). 2006;24:91-3
Tissue and organ procurement
Non–heart-beating organ donation: issues and ethics for the critical care nurse (DeVeaux). 2006;24:17-21
Tomography, spiral computed
Computed tomography aortic three-dimensional reconstruction: an invaluable tool for diagnosis of juxtarenal abdominal aortic aneurysm (Khan et al). 2006;24:133-6

U

Upper extremity
Effort thrombosis (Paget-Schroetter syndrome) in active young adults: current concepts in diagnosis and treatment (Shebel and Marin). 2006; 24:116-26

V

Vascular diseases
First-year results of a community peripheral vascular screening program at an academic community hospital (Urffer et al). 2006;24:11-16
Vascular surgery
Peripheral arterial sheath removal program: a performance improvement initiative (Capasso et al). 2006;24:127-32
Venous thrombosis
Deep venous thrombosis recommendations (Marr). 2006;24:91-3
Effort thrombosis (Paget-Schroetter syndrome) in active young adults: current concepts in diagnosis and treatment (Shebel and Marin). 2006; 24:116-26

W

Warfarin
Preventing vascular complications after gastric bypass (Heffline). 2006;24:50-5
Wound healing
Correlation of preoperative ankle-brachial index and pulse volume recording with impaired saphenous vein incisional wound healing post coronary artery bypass surgery (Haraden and Jaenicke). 2006;24:35-45
